The Road to More Local Foods in Greenville, SC

What do we have to work with?

- identify sectors
- identify challenges
- address the easy parts, facilitate the more difficult
- plan for next step
- result: Greenville Area Food System Assessment

Where do we want to go?

- strengthen the local food system
  - growth & economics
  - access & environment
  - quality of life
  - security & resilience
  - export
- Strategic Local Food Plan
  - establishes priorities and partners

Who will implement?

Two dozen partners participated in the Assessment

The Strategic Plan will be bigger to consider partners within Greenville's foodshed

Who will maintain the Plan?

Prezi

Just a little about us

Greenville County Planning

- Focus on long range (Future Land Use, Community Plans)
  - Consider population trends, growth trends, natural features
- Consider economic development
- Act as a convenor and facilitator
