Explore our World View!

This map view starts with 2 sites from every Open Green Map. Zoom in to see more (or click Maps above to explore each map separately).

At Legend, click categories, then toggle different icons to filter your view. Use the Search Tab to jump to different world locations. Each map's introduction will appear on the Info Tab.

Find out more by clicking About, and take part in this social mapping platform!

SAGAS

Saving Appalachian Gardens and Stories

- The SAGAS project has 3 goals:
 - Preservation of seeds
 - Why?
 - Preservation of memories and traditions
 - Preservation of knowledge

Process

- **Phases**
 - **Planning**
 - **Collecting**
 - **Analysis**
- **Challenges & Victories**
- **End result**

Planning

Challenges

- Delegating
- Communication
- Scheduling
- Equipment
- IRB
- Questions
- Practice
- People

Victories

- Task groups, Leaders, and techies
- Facebook
- Adjustable questions
- Change of direction

Collection

Challenges & Victories

- Interviewees
 - Availability
 - Desire
- Technology
- Harvesting
- Mrs. Kent & Dr. Fadroski
- Ms. Grizzle
- Suitable settings
- Plentiful harvest

Experience

- Hearing the stories
- Understanding the seeds
- Learning the heritage
- Becoming the advocate

Analysis

Challenges

- Need to condense
 - Ideas
 - Footage
- Editing
- Composition of project

Victories

- Accumulation of ideas
- Censuses of direction
- Technology group
- Divide and conquer

Saving Appalachian Gardens and Stories

- Preserving heirloom seeds by collecting and harvesting.
- Preserving the cultural heritage of Appalachia by collecting and documenting oral histories.
- Preparing for the future by seeking to broaden our knowledge base for local gardening.
- We proudly present the trailer from North Georgia's Saving Appalachian Gardens and Stories!
