Appendix A.

National Mortality Maps
Smoothed Heart Disease Death Rate, 1980-1997

White Men Ages 35 to 64

Rate per 100,000:
- First Quartile (155 - 206)
- Second Quartile (207 - 225)
- Third Quartile (226 - 249)
- Fourth Quartile (250 - 365)
- High Outliers (314 - 365)
- Insufficient Data

White Men Ages 65 and Older

Rate per 100,000:
- Low Outliers (1,575 - 1,635)
- First Quartile (1,636 - 2,246)
- Second Quartile (2,247 - 2,448)
- Third Quartile (2,449 - 2,651)
- Fourth Quartile (2,662 - 3,518)
- High Outliers (3,261 - 3,518)
- Insufficient Data
Smoothed Cancer Death Rate, 1990-1997

White Women Ages 35 to 64

White Women Ages 65 and Older

Rate per 100,000
- Low Outliers (86 - 107)
- First Quartile (86 - 137)
- Second Quartile (138 - 147)
- Third Quartile (148 - 156)
- Fourth Quartile (157 - 216)
- High Outliers (185 - 216)
- Insufficient Data
Smoothed Colorectal Cancer Death Rate, 1990-1997

White Women Ages 35 to 64

Rate per 100,000
- First Quartile (5-8)
- Second Quartile (9-10)
- Third Quartile (11-12)
- Fourth Quartile (13-16)
- High Outliers (17-20)
- Insufficient Data

White Women Ages 65 and Older

Rate per 100,000
- First Quartile (40-92)
- Second Quartile (93-102)
- Third Quartile (103-114)
- Fourth Quartile (115-185)
- High Outliers (148-185)
- Insufficient Data
Smoothed Stroke Death Rate, 1990-1997

White Men Ages 35 to 64

White Men Ages 65 and Older

Rate per 100,000
- First Quartile (8 - 16)
- Second Quartile (17 - 19)
- Third Quartile (20 - 22)
- Fourth Quartile (23 - 37)
- High Outliers (32 - 37)
- Insufficient Data
Smoothed Stroke Death Rate, 1990-1997

White Women Ages 35 to 64

White Women Ages 65 and Older

Rate per 100,000
- Low Outliers (173 - 266)
- First Quartile (257 - 399)
- Second Quartile (400 - 441)
- Third Quartile (442 - 481)
- Fourth Quartile (486 - 848)
- High Outliers (620 - 848)
- Insufficient Data
Smoothed Motor Vehicle Death Rate, 1990-1997

White Men Ages 35 to 64

White Men Ages 65 and Older

Rate per 100,000
- First Quartile (8 - 19)
- Second Quartile (20 - 24)
- Third Quartile (25 - 31)
- Fourth Quartile (32 - 62)
- High Outliers (50 - 62)
- Insufficient Data
Smoothed Diabetes Death Rate, 1990-1997

Black Women Ages 35 to 64

Black Women Ages 65 and Older

Rate per 100,000
- First Quartile (13 - 24)
- Second Quartile (25 - 30)
- Third Quartile (31 - 36)
- Fourth Quartile (36 - 84)
- High Outliers (52 - 84)
- Insufficient Data

Rate per 100,000
- First Quartile (89 - 190)
- Second Quartile (191 - 228)
- Third Quartile (229 - 269)
- Fourth Quartile (270 - 497)
- High Outliers (388 - 497)
- Insufficient Data
