## STATES IMPACTED

## PROJECT SUMMARY

This project will engage youth within an eight-county region of the Northern Tier of Pennsylvania and the Southern Tier of New York (the “Twin Tiers”) to increase career education, work experience opportunities, and positive employment outcomes. Northern Tier Regional Planning and Development Commission (NTRPDC) and partners will offer programs that will expand successful programs - like the Business Education Partnership and the Accelerated College Education - to new school districts and coordinate the efforts of youth-focused workforce/career/educational providers currently serving the area.

NTRPDC and partners bring a combined \$4,727,812 of matching funds to this project. The project will serve 3,460 students, 355 businesses, and 148 organizations over the course of five years.
