

Supplier's / Manufacturer's / Steel Mill's Certification of Compliance*

To be completed by each supplier or manufacturer of covered materials and delivered to the purchasing contractor or recipient.

Project name (if known): _____ Purchase order number: _____

Supplier/manufacturer name: _____ UEI/DUNS: _____

For each product supplied, the undersigned certifies the following (attach a product list as needed):

Product	Category	Place of manufacture	Meets BABA standard? (Y/N)	Waiver # (if any)

The undersigned certifies that the above is true and correct, that (for manufactured products) the U.S. component cost exceeds 55% of total component cost where so indicated, and that supporting records are available on request. The undersigned also understands that false statements may result in liability under the False Claims Act and other law.

Signature: _____ Date: _____

Printed name and title: _____

* Consult your RSBA on best way to adapt this certificate to your project, including application to mills when incorporating iron and steel.

For more Information, see the [Grantee BABA Manual](#) or the [RSBA BABA Manual](#).
